

# Tomorrow's World

In Maths, we will be learning:

- Multiplication and Division
  - Fractions

How you can help:

Encourage your child to keep practicing their times tables as well ensuring they complete any homework set.

In English, we will be creating:

- An email and blog post about the dangers of the internet.
- A newspaper report about a malware topic.
- Website content - How can we improve the schools website homepage?

How you can help:

Ensure that the children are revising their statutory words given to them as well as giving them a chance to read to you whenever possible.

## Autumn 2 2024 — Tomorrow's World

Text messages, emails, websites, blogs and podcasts. There are so many ways to communicate. Learn how to set up a class blog and build a homepage on a subject of your choice. Suggest ways to improve your school website, and hopefully the Headteacher will listen to your ideas. Discover the movers and shakers in the world of technology, the people who've shaped the modern world. Perhaps you might be a visionary for the next generation. Build robots and circuits, break codes and investigate gadgets galore. Why not write a thriller narrative in the style of Anthony Horowitz? Then, on request from MI99, build a website for a new Spy School. What pages will it need? One for gadgets? A secret lunch menu? You decide. Let's start today on Tomorrow's World.

In our Topic lessons, we will be:

- Designing a helpful robotic device.
- Creating our very own 'homepage'.
- Creating our very own circuits.
- Discussing what 'copyright' means.
